BIOGRAPHY

Passionate about Progressive, Deep Progressive, Melodic Techno, Deep and Organic House, Minimal and Underground music, IVANG creates special mixes after lots of years learning Music Creation and Production. He collected learnings from difference music schools like DJPSCHOOL or INTED where he learned from few of the best DJs on the international scene.

Based in Madrid but originally from Melilla, a small city on the North African coast, he is influenced by tribal and Arabic sounds. Even in constant evolution, his sets are different and characterized by this personal background. Merged with his large experience he transformed his sets into a characteristic brand reference.
